Corporate Governance Report

TERRA Mauricia Ltd (“Terra” or “the Company”) is classified as a Public Interest Entity (“PIE”) according to the Financial Reporting Act 2004 and is therefore required to apply the eight principles of the Code of Corporate Governance in accordance with The National Code of Corporate Governance for Mauritius (2016) (the “Code”). This Corporate Governance report provides adequate explanation of how these principles have been applied by the Company and its subsidiaries (“the Group”).

CONSTITUTION

The constitution of Terra is in conformity with the provisions of the Companies Act 2001 and those of the Listing Rules of the Stock Exchange of Mauritius. It is available on the Group’s website.

The constitution has the following salient features:

- Wide objects and powers are conferred on the Company;
- The absence of ownership restrictions or pre-emptive rights attached to shares issued by the Company;
- The ability of the Company to purchase its own shares, and to reissue and sell any of them;
- Retirement by rotation of three Directors at every Annual Meeting;
- A procedure for proposing candidates for election to the office of Director;
- The ability of shareholders to cast postal votes; and
- The casting vote of the Chairman.

On 28 and 30 December 2011, applications under Section 178 of the Companies Act were lodged before the Bankruptcy Division of the Supreme Court by certain dissenting shareholders of Harel Frères Ltd (now Terragri Ltd), representing some 6.4% of the share capital, alleging that they had been unfairly prejudiced by the scheme of arrangement approved by a majority of shareholders on 23 November 2011 (the Scheme), and requesting the buyback of their shares at fair value or the payment of compensation of a sum in excess of MUR 64 per share held by them. On the same day, in order to reassure the dissenting shareholders that their rights had not been affected by the Scheme, the Board of Terragri decided to amend the constitution of Terra, before the effective date of the Scheme, so that any matter that would have required the approval of the shareholders of Terragri would be submitted for the approval of those of Terra. Corresponding amendments were brought to the constitution of Terragri Ltd after the effective date of the Scheme.

The Board of Directors was advised that the above claim was misconceived. Counsel had further opined that the claim amounted to an abuse of the process of the court. The claim was resisted, and the matter was heard on 25 May 2012. On 11 February 2014, a judgement was issued by the Supreme Court, dismissing the application with costs and confirming that the claim amounted to an abuse of the process of the court. Some of the dissenting shareholders appealed against the judgement and the Court of Appeal, in its judgement, delivered on 25 March 2019, dismissed the appeal with costs. The appellants have since obtained leave from the Supreme Court to submit an appeal to the Privy Council, but the appeal has not been lodged within the specified time frame.

BOARD OF DIRECTORS

The Board as a whole is ultimately responsible and accountable for the affairs and overall performance of the Group. It must ensure that proper systems and controls are in place to protect the Group's assets and its good reputation. Having regard to recommendations made by Management, the Board makes strategic choices and decisions, identifies key risk areas, monitors and evaluates the implementation of policies and business plans, and approves major investments as well as the Company's annual capital expenditure and operating budgets. The Board has performed these responsibilities during the year.

The roles of the Chairman and Managing Director are separate and each of them has clearly defined responsibilities. The Chairman's main role is to lead and oversee the proper functioning of the Board and to ensure that it operates effectively. The Managing Director is responsible for the day-to-day management of the Group, supervising a team of executives, coordinating the elaboration and submission of development strategies to the Board and monitoring the effective implementation of operational decisions. The Board has adopted a Board Charter, available on Terra's website, which describes clearly, *inter alia*, the role and responsibilities of the Board and its committees, the duties and powers of the Board, the related decision-making processes, and the management of potential conflicts of interest. The charter was reviewed in 2021. The Directors are aware of their legal duties.

The Board has also approved formal information technology and information security policies, which are available under the Corporate Governance section of the Group's website and which describe, *inter alia*, the restrictions placed over the right of access to information. These policies are regularly reviewed by the Board, which also approve yearly, together with the annual capital expenditure budgets of the main clusters, the significant expenditures on information technology.

Directors are expected to attend, in person or by teleconference, all Board meetings and all Board Committee meetings of which they are members, except in exceptional circumstances. Board meeting dates are generally set well in advance to enable Directors to manage their other commitments. The attendance of Directors at Board and Committee meetings in 2021, as well as at the Annual Meeting of shareholders, is set out on pages 80 and 81. The Board of Terra met six times during the year, including a special full-day session dedicated to Group strategy.

Senior Group executives are invited, when appropriate, to attend Board meetings and make presentations on the strategies and projects under the custody of their business units. The profiles of the senior Group executives are set out on pages 80 to 87. Consultants are also invited to attend board meetings when necessary and, in 2021, several of them made presentations to the Board.

- During the year under review the Board focused on the following issues:
- Ensuring that the Company acted as a socially responsible entity;
 - Reviewing the Board charter, the Code of Ethics and governance policies and documents;
 - Adopting a new Group Risk Management Framework;
 - Evaluating the impact of the Covid-19 crisis and approving revised budgets in light of the situation;
 - Approving the audited consolidated annual and interim financial statements and their abridged version for publication, as well as the Annual Report;
 - Overseeing performance of the main clusters against budgets;
 - Ensuring balanced and constructive communications with stakeholders;
 - Approving major strategic investments and credit lines with financial institutions;
 - Considering reports from the Board committees;
 - Overseeing key risk areas and ensuring effective risk management processes;
 - Declaring final dividends for the year ended on 31 December 2021;
 - Providing guidance and leadership in the corporate governance arena;
 - Regularly reviewing and optimising the Company's debt profile; and
 - Considering, providing input and approving the Group's strategy for the forthcoming financial year.

BOARD SIZE AND COMPOSITION

In terms of the constitution, the Board of Terra, which is a unitary one, consists of not more than eleven Directors and includes five non-executive Directors, three executive Directors and three independent non-executive Directors. This size and composition have been found appropriate to take into consideration the structure of the shareholding, while providing for an adequate number of independent and executive Directors.

The Directors who held office at 31 December 2021 are those listed on pages 80 and 81.

Their profiles, as well as the directorships held by them in listed companies, including the external obligations of the Chairman, as well as any change thereto and its impact, appear on the same pages. The other external directorships held by them are available on page 245. The external obligations of the Chairman have not changed in 2021 and they have been found to be compatible with the discharge of his duties and responsibilities. The Board charter has capped the number of outside positions of Directors (excluding the Group and its associates) to ten, but the Board has the discretion of authorising a greater number on a case-by-case basis. None of the Directors have reached the prescribed limit. Except for Mr Pascal Raffray, who resides in Paris, all other Directors ordinarily reside in Mauritius, and there are two female members on the Board. Except for Mrs Margaret Wong Ping Lun, none of the independent Directors have yet served for more than nine years on the Board. If this was the case, the Board would examine regularly the situation and performance of the Director to determine if he/she would still be considered as independent. As regards Mrs Margaret Wong Ping Lun, who has served for nine years as independent Director in June 2021, she has nevertheless been proposed for re-election at the Annual Meeting held in 2021. Given the exceptional circumstances which the Company and the country have faced for two years now, in the wake of the Covid-19 pandemic, it had not been possible to find the required and appropriate profile to fill her position. The Board had carefully considered and resolved, in the light of the above-mentioned circumstances, that there was, in its perception, no reason why Mrs Margaret Wong Ping Lun ought not continue to serve on the Board as an independent Director for one more year.

The Code of Corporate Governance, as well as the Board charter, enumerates a set of criteria determining the status of independence, from a Director's standpoint. One of these criteria states that cross directorships or significant links with other Directors through involvement in other companies or bodies, could result in the Director being defined as non-independent. The Board charter also gives the Board the right to grant waivers to any of the above criteria so that knowledge, experience, skills and integrity are privileged in the nomination process of independent Directors. Although Mr Didier Harel and the Chairman have cross directorships in one company at non-executive level only, the Board has, here again, carefully considered, and resolved that there is, in its perception, no reason why Mr Didier Harel ought not continue to be regarded as an independent Director. The Board has determined that he has shown objectivity and an unfettered independent judgement, that he has performed his duties in good faith and that his independence as Director has not been affected in any way whatsoever by this cross directorship.

At the Annual Meeting held in 2021, three Directors retired from office by rotation. One non-executive Director, appointed to fill a vacancy in 2021, was also proposed for re-election. All of them were eligible for re-election and were re-elected. One non-executive Director, namely Mr Didier Harel, will be proposed, under Section 138 (6) of the Companies Act, for re-election at the next Annual Meeting. The latest Board evaluation has confirmed his performance and commitment. Two other non-executive Directors will be proposed for election in replacement of Mrs Margaret Wong Ping Lun and Mr Alain Vallet.

The Board is of the opinion that the rotation of three Directors each year, as provided by the constitution of Terra is appropriate in the circumstances of the Group, given its complexity and the diversity of its activities.

The Board believes that the tenure of office of Directors should be of a sufficient duration to allow these Directors – particularly independent Directors and those who are members of the committees established by the Board – to be reasonably conversant with the intricacies of the Group's operations so as to exercise the expected degree of leadership, skill and judgement required to ensure sound decision-making at Board level, in the best interests of the Group.

The Board is responsible for the succession planning, including senior executives and the nomination process of Directors: this has been partly delegated to the Corporate Governance Committee. The latter identifies potential new Directors, according to the provisions of Terra's constitution, as well as new executives and makes recommendations to the Board after considering the skills, knowledge, experience, age and gender of the candidates. Upon their appointment, the new non-executive Directors receive a formal letter describing their legal responsibilities and fiduciary duties, as well as the Board's specific expectations, including the time commitment. The Board is also responsible for the induction of new Directors, with the help of the Company Secretary, and for their professional development. The latest Board Effectiveness Evaluation provided the opportunity to discuss this specific matter with the Directors and to assess their training needs.

GROUP COMPANY SECRETARY

Directors have direct access to the advice and services of the Secretary, Terra Services Ltd, through its representative, Mr Louis Denis Koenig, who is responsible for ensuring that Board procedures and processes are followed. He also ensures that, within one month of their appointment, newly appointed Directors are made aware of their fiduciary duties and responsibilities and prepares an induction programme tailored to their individual requirements, in order for them to be immediately familiar with the Group's operations and business environment and to meet and exchange with senior management. An interest register is maintained by the Company Secretary and is available for inspection by shareholders upon written request to the Company as provided by law.

GOVERNANCE FRAMEWORK AND DELEGATION OF AUTHORITY

Terra's governance structure provides for delegation of authority, while enabling the Board to retain effective control. The Board delegates specific responsibilities to the Managing Director, as well as to Board committees with clearly defined mandates. Their terms of reference, which have been approved by the Board, were reviewed in 2020. They are posted on Terra's website, as well as the position statement of each senior governance position within the Company and an organisational structure of the Group, which have also been approved by the Board and were reviewed in 2021. While an independent Director assumes the chairmanship of the Audit and Risk Committee, the Chairman of the Board chairs the three other committees in order to ensure a smooth and proper coordination between these committees and the Board.

REMUNERATION OF DIRECTORS AND REMUNERATION POLICY

DIRECTORS

All Board Directors are remunerated according to a fixed fee, as well as an additional fee for each Board and committee meeting attended. The Chairman is remunerated in a similar manner, but at a higher rate. The Board’s remuneration is recommended by the Corporate Governance Committee and is submitted to the Annual Meeting for approval. The Board approves the committee fees.

The remuneration received by Directors from the Company varied according to the number of meetings held and attended in 2021 and the number of committees on which they sat. The non-executive Directors do not receive any remuneration in the form of share options or in relation to the Company's or the Group's performance.

The individual remuneration received from the Company by the Directors in office on 31 December 2021 is as follows:

DIRECTORS	2021 MUR'000
Dominique de Froberville	784
Alexis Harel	862
Didier Harel	924
Henri Harel	572
Nicolas Maigrot	572
Anna Mallac-Sim	403
Pascal Raffray	761
Alain Rey (Chairman)	1,820
Nikhil Treebhoohun	831
Margaret Wong Ping Lun	1,017

EXECUTIVES

As regards executive Directors, the remuneration policy, which is determined by the Corporate Governance Committee, aims at:

- Aligning executive remuneration with the Group's business objectives and shareholder value;
- Attracting, retaining and motivating high-calibre executives capable of achieving the Group's objectives;
- Motivating executives to achieve ambitious performance levels; and
- Recognising performance at both individual and corporate level.

The overall remuneration of executive Directors includes a basic salary, pension and other benefits, as well as a variable annual performance bonus, in addition to the fixed and per meeting Directors' fees. The variable performance bonus is in line with the above-mentioned policy objectives and is based on a percentage of the Group's or relevant company's adjusted profit after tax, after deduction of any item of exceptional or non-operational nature, as well as on the achievement of agreed Key Result Areas. The variable annual performance bonus represents a significant percentage of the total remuneration of the executive Directors. This aims at better aligning the objectives set for these Directors with those of the Group and provides an added incentive to respond to the challenges which the Group faces.

The Corporate Governance Committee has retained outside consultants to provide independent market information and advice relating to the regular review of executive performance and remuneration.

The executive Directors do not receive any fees in their capacity of Directors of subsidiaries. They may however receive a remuneration from the subsidiary which is their employer. For reasons of confidentiality and market sensitivity of the information, the Board of Directors has decided not to disclose the individual remuneration of executive Directors received from subsidiaries,

The remuneration and benefits received by the Directors from the Company and its subsidiaries as at 31 December 2021 are disclosed in the Statutory Disclosures on page 115.

Moreover, all Directors are invited and encouraged, save for exceptional circumstances, to attend the Annual Meeting and to be available to answer shareholders' questions. In 2020 eight out of eleven Directors attended the meeting, while all Directors attended the meeting in 2021. Since 2003, it has been the practice to allow for the postal vote of shareholders at the Annual Meeting of Harel Frères and subsequently of Terra.

The main institutional investors and investment managers are invited each year to attend a presentation on the published audited results and to put questions to Management. This exercise is well attended and welcomed by the investing community.

In addition to the institutional or official forums such as the Mauritius Chamber of Agriculture, Business Mauritius, the Mauritius Chamber of Commerce and Industry, the Mauritius Sugar Syndicate or the Mauritius Cane Industry Authority, through which the Group is able to engage with its stakeholders, there are regular contacts established with the local communities. Those contacts are made, either directly or via the local authorities, on a frequent or ad-hoc basis, to remain appraised of the concerns and expectations of the stakeholders. There has been a number of social impact surveys conducted in the neighbouring regions, including in the context of the future Beau Plan Smart City, to help the Group engaging with the local *forces vives* and communities. Forums are also regularly organised by Terra Foundation with NGOs to assess their work, needs or expectations, and also to find ways of going beyond the strictly financial aspect of corporate social responsibility (CSR).
